

Atlas

Joan Gaspar

marset

Atlas transforms a common bulb into a spotlight, enveloping it following its outline. Taking its nudity as the starting point, it dresses the bulb up with a transparent suit that also gives the lamp the added benefit of lightness.

Made of transparent polycarbonate and a polyamide base, this directional spotlight can be grouped in base of 2 units.

Atlas

Code
A34-010

Finish
○ Translucent

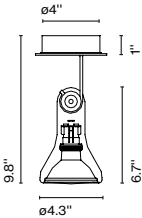

Dimmable: Based on specified lamping
Integrated dimmer: No
Dimming protocols: Based on specified lamping

Materials
Shade: Polycarbonate
