

Lab Francesc Rifé

marset

These new designs bring a bit of texture and formal simplicity to outdoor spaces. With this wall lamp version, an aluminium structure surrounding the fixture creates an interior space where light and materials interact. The beauty of this collection lies

in how the light interacts with the different materials. The Lab collection continues to conceal the point of light, but its illumination – in every version, including the original – will be more powerful, with a greater presence.

Lab 2 2020

Code
A646-191

Finish
● Graphite grey (RAL 7024)

Dimmable: No

Materials
Structure: Injected aluminum
Lids: Metal, wood (see next page)

Suitable for wet locations
