

Ambrosia

Ciszak Dalmás

marset

Ambrosia is essentially a line of light that can be converted into a modular system, capable of extending the illumination it offers to adapt to any space. The new Ambrosia allows you to create vertical lighting compositions, combining

different sizes in repetition to illuminate large spaces. Its slender design sets the perfect scene in any room. A totally new perspective for this flexible lighting system, which achieves maximum light expression with a minimalist structure.

Ambrosia V 235

Dimmable: Based on specified driver
Integrated dimmer: No
Dimming protocols: Based on specified driver

Materials
Structure: Aluminum
Diffuser: Methacrylate

Suitable for Damp locations

LED included

Wire length: 2.95 ft

Accessories

Remote LED Driver (ELV)

Code
A968-333
Description: Remote driver for standard junction box, ELV dimming
Input: 120VAC 50/60Hz
Output: CV 24V DC 60W max.
Dimming Protocols: ELV / TRIAC
Suitable for damp locations

Rectangular Canopy 60W 0-10V

Code
A666-213-15
A666-213-16

Finish
● Matt Gold
● Black

Description: Canopy for single or dual installations, two connection points, 0-10V only
Input: 120-277VAC 50/60Hz
Output: CV 24V DC 60W max.
Dimming Protocols: 0-10
Suitable for damp locations

Rectangular Canopy 60W ELV/0-10V

Code
A666-254-16

Finish
● Black

Description: Canopy for single or dual installations, two connection points, ELV/0-10V
Input: 120-277VAC 50/60Hz
Output: CV 24V DC 60W max.
Dimming Protocols: ELV / TRIAC / 0-10
Suitable for damp locations

Outlet Box Cover Plate

Code
A666-219-15
A666-219-16

Finish
● Matt Gold
● Black

Description: Circular cover plate for 4" octagonal junction box

Accessory Extensor V255

Code
A704-150-09

Finish
● Inox

Materials
Structure: Stainless steel

Product type: Accessory

Product notes: Accessory to lengthen the Ambrosia V 235.
Total increase of 7.9".
