

Vetra

Joan Gaspar

marset

At first glance, Vetra could be no more than a traditional, old-fashioned, blown-glass lamp, but turning it on yields a surprise The Vetra gives off more light than one would expect, without glare. Much of the light is directed downward, and the rest is filtered

toward the inside of the shade, subtly illuminating it. Like an echo multiplying the light, when it's on, its entire outline is drawn out and seems to come alive. A contrasting layout in which the lamp proper becomes more visible and its light warmer.

Vetra 43

Code	Finish	Electrical
A689-023	● White	Electrical Rating
A689-044	● Amber	ELV: 90-135VAC 50-60Hz 19W
		0-10V: 120-277VAC 50-60Hz 19W
Dimmable: Yes		Luminaire: 881lm
Integrated dimmer: No		CCT: 2700K
Dimming protocols: Dual dimming driver		CRI: 90
Phase cut (ELV) or 0-10V		

Materials
Shade: Blown glass
Dissipater: Aluminum

LED included
