Aura Joan Gaspar

The opalescent, transparent, or coloured glass of its lampshade allows the light to bathe the wall and creates a luminous effect without harshness, while also generating a point of interest in the space. Aura comes in two sizes – 18 and 25 cm

in diameter – to provide lighting solutions for smaller or larger spaces. This light and forceful wall lamp should be in ideal proportion to the interior that it has to illuminate, and the proportion always depends on the scale.

Aura

Code	Finish
A676-300-50-3CCT	○ Transparent
A676-300-51-3CCT	● Opal
A676-300-53-3CCT	● Transparent smoked

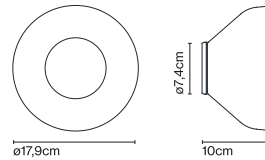

Materials	Dimmable: Yes
Shade: Blown glass	Integrated dimmer: No
Structure: Polycarbonate	Dimming protocols: Phase cut (Triac)
Dissipater: Aluminium	

Product type: Wall
Light source: LED SMD 350mA 6,5W 2200K/2700K/3000K CRI90
Luminaire: 220 – 240 VAC TRIAC

Product notes: Structure in black, except for the opal version, with structure in white.
LED included

Wire installation: Hardwired

It features an integrated switch that allows the desired colour temperature to be selected during installation.
