

Ledtube

Daniel López

marset

A headboard lamp with a powerful, movable beam of light that's an archetype due to its functionality and ability to blend with any space. Its ergonomic design beckons you to move it in any direction, up to 360°, and its use is very intuitive. When

opened, it turns on automatically; when closed, it turns off and hides away in the wall, like camouflage. It's so versatile it can be installed vertically or horizontally, adapting to the needs of your space.
