

COMMISSION REGULATION (EU) 2019/2020 of 1 October 2019 laying down ecodesign requirements (and COMMISSION REGULATION (EU) 2021/341) Article 4

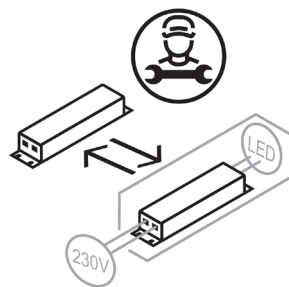

In view of the need to promote the circular economy and the ongoing work for material efficiency standardisation in relation to energy-related products, below, Marset explains the meaning of the pictograms indicating whether or not the light source and separate control gears are replaceable.

The pictograms appear both in the instructions and in the product information sheet of lamps with an integrated light source and/or separate control gears.

May be replaced by **qualified persons**

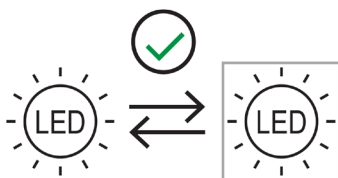

Light source (LED)

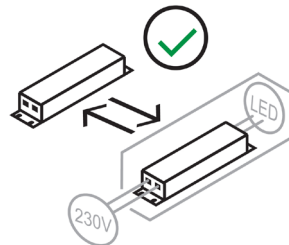

Separate control gears

May be replaced by **end users**

Light source (LED only)

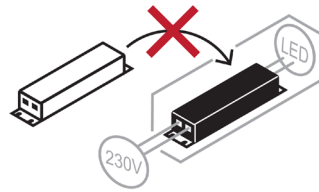

Separate control gears

marset

Non-replaceable

Light source

Control gears
